TxA EDI Task Force

The TxA Equity, Diversity & Inclusion (EDI) Task Force was created in 2017 with the charge "to champion a culture of equity, diversity, and inclusion within the profession of architecture—more specifically to carry out tasks as part of the strategic plan to promote equity, diversity and inclusion until they are part of the mainstream."

TxA Statement on EDI

The Texas Society of Architects champions a culture of social justice, equity, diversity, and inclusion within the architectural community.

Achieving this vision directly impacts the prosperity, health, and future of our profession and our communities.
